Safe: Design Takes on Risk

October 16, 2005 – January 2, 2006

Museum of Modern Art

212/708-9400, www.moma.org

An exhibition of 300 products and prototypes designed to protect the body and the mind from dangerous or stressful conditions; respond to emergencies; communicate; and provide a sense of comfort and safety.

Jackie Piper, Marcus Willcocks, and Lorraine Gamman as Design against Crime Research Initiative (Central Saint Martins College of Art and Design, UK), *Stop Thief Ply Chair*, *Smart Antitheft Furniture Range* (prototype), 2000.

Laminated plywood.
